

Environmental Policy Statement

Neil Shacklock Plumbing and Heating Contractors Limited believe that we have a responsibility to care for and protect the environment in which we operate. We are fully committed to improving environmental performance across all of our business activities, and will encourage our business partners to join us in this effort.

Neil Shacklock Plumbing and Heating Contractors Limited will strive to:

- Minimise waste by evaluating operations and ensuring they are as efficient as possible.
- Minimise toxic emissions through the selection and use of its fleet and the source of its power requirement.
- Actively promoting recycling both internally and amongst its customers and suppliers.
- Source and promote a product range to minimise the environmental impact.
- Meet or exceed government legislation that relates to the Company.
- Minimise waste through careful and efficient use of all materials and energy.
- Ensure that all employees are aware of our environmental policy and what is expected of them.
- Continually assess the environmental impact of all our operations.
- Make efficient use of natural resources by minimising waste and conserving energy and water.
- Use registered waste disposal companies, or licenced waste disposal sites for the disposal of waste materials, particularly hazardous wastes.
- Ensure, as far as possible, sites are kept clean and tidy to ensure minimum disturbance and disruption to clients and their neighbours.
